Thank you for choosing the Myofascial Treatment Center, LLC. We are dedicated to providing quality care in a comfortable setting!

Many times patients wonder what this specialized physical therapy is all about. Your experience as a former patient can provide helpful information for new patients interested in this, "hands on" type of physical therapy.

If you would, please share a few sentences about your treatment here. This testimonial is intended to be posted on our website, myofascialstl.com. Feel free to sign with your initials or first name. No last names will be used.

I appreciate your time and effort to respond!

Warm Regards,  
Mary

Quality exceptional care in a private and comfortable setting.

Mary Felling, PT is the only physical therapist - she spends one hour each visit with you. She is extremely knowledgeable, caring and she listens to you! She seems to know just what your body needs and works on the whole body. Also shows you what you can do at home to progress and support your office visits.

I have had physical therapy many times over the years none of which has matched this quality care.

I am so grateful to have found the Myofascial Treatment Center to manage my chronic condition - osteoarthritis + spinal stenosis and a circulation problem in my hands. Thank you Mary!!!
